The screenshot shows the NowPublic web editor. At the top, there's a navigation bar with 'nowpublic' logo, 'Refresh', 'Settings', 'Manage Your Blogs', 'Help', and 'Report Error'. On the right, it says 'Hello, pgaliba' with a profile picture and a red notification icon.

The main editing area is divided into sections:

- Headline:** A text box containing 'U.S. urges China to enforce sanctions' and a 'Channel' dropdown menu set to 'Politics'.
- Details:** A rich text editor with a toolbar (HTML, QUOTE, B, I, link, unlink, list, ul) and a text area containing a paragraph about a U.N. Security Council resolution. The text is partially visible: '[q]Washington - One day after passage of a U.N. Security Council resolution punishing North Korea for its apparent test of a nuclear weapon, senior U.S. diplomats said Sunday that China must help enforce it and use economic leverage to compel Pyongyang to return to disarmament talks. The resolution, passed unanimously, calls on states to prevent North Korea from selling or buying certain banned weapons and technology. But China said...'.
- Tags:** A section titled 'Tags (Add your own tags or click on the words below to add or remove them.)' with a 'Refresh Tags' button. It contains a list of tags: 'China, North Korea, Washington, Korean, protesters, sanctions, enforce, urges, nuclear weapon, Security Council'.
- Auto Tags:** A section titled 'Auto Tags' with a collapse icon. It displays a list of suggested tags, many of which are highlighted in yellow: 'Korean + protesters + mock + missile + pictures + leader + Jong + flags + demonstration + Sunday + Seoul + northern + nuclear weapon + called + return + six-nation + talks + ending + program + expressed + United + Nations + Security Council + sanctions + Koreas + remained + foes + Jin- + passage + resolution + punishing + apparent + senior + diplomats + enforce + leverage + compel + Pyongyang + disarmament + urges'.
- Location Tags:** A section titled 'Location Tags' with a collapse icon. It shows 'China, Man, North Korea, Washington' with 'North Korea' highlighted in yellow.

At the bottom left, there is a yellow 'Publish' button and a checked checkbox labeled 'My blog'.

### **Find** Find HITs to work on

#### **What is a HIT?**

HIT stands for Human Intelligence Task. These are tasks that people are willing to pay you to complete. For example a HIT might ask: "Is there a pizza parlour in this photograph?" Typically these tasks are extraordinarily difficult for computers, but simple for humans to answer.

#### **How do I find HITs to work on?**

Just click the "Get Started Now" button to browse thousands of available HITs, without any obligation.
